

◦ Child Policy and Children at the Difficult Situations

◦ Long -Term Care and Lifestyle Alternatives for the Older Adult

Thesis

Plan 1.1	48	Credits
Plan 2.1	36	Credits

Benefits

A thorough knowledge and understanding of Ph.D. in Economic and Social Development Policy is an essential part of training in policy analysis and management. In particular the functions and interactions between the major institutions (public and private) at the regional, national, provincial, and local level is important as they improve economic efficiency, promote the goals of equity and social justice, and improve equity by altering the distribution of wealth and income.
